1. Introduction

1.1 The Policy

1.1.1 This document states Oldham Council's ('the Council') policy on the regulation of Scrap Metal Dealers in its capacity as the relevant local authority for the purposes of the Scrap Metal Dealers Act 2013.

1.2 The Law

1.2.1 The Scrap Metal Dealers Act 2013 ("the Act") received Royal Assent on 28 February 2013. The Act repeals the Scrap Metal Dealers Act 1964 (and linked legislation) and Part 1 of Vehicles (Crime) Act 2001 creating a revised regulatory regime for the scrap metal recycling and vehicle dismantling industries.

1.2.2 The Act maintains local authorities as the principal regulator, but replaces the old registration system with a full licensing regime. It grants power to refuse a licence to "unsuitable" applicants and a power to revoke licences if the licence holder becomes "unsuitable".

1.2.3 The Act requires a scrap metal dealer to obtain a licence in order to carry on business as a scrap metal dealer.

2. Definition of a Scrap Metal Dealer

2.1 Definition

2.1.1 A person carries on business as a scrap metal dealer if:

- (a) they wholly or partly buy or sell scrap metal (whether or not sold in the form it was bought); or
- (b) they carry on business as a motor salvage operator (see 2.1.3).

2.1.2 The selling scrap metal merely as surplus materials or as a by-product of manufacturing articles is NOT to be regarded as 'carrying on a business' as a scrap metal dealer.

2.1.3 Motor salvage operation is defined in the Act as a business that consists wholly or mainly of:

- (a) recovering salvageable parts from motor vehicles for re-use or sale and selling the remainder of the vehicle for scrap;
- (b) buying written-off vehicles, repairing and reselling them;
- (c) buying or selling motor vehicles which are to be the subject of any of the activities mentioned in (a) or (b);
- (d) wholly or mainly in activities falling within paragraphs (b) and (c);

2.1.4 Scrap metal includes:

- (a) Any old, waste or discarded metal or metallic material; and
- (b) Any product, article or assembly which is made from or contains metal and is broken, worn out or regarded by its last holder as having reached the end of its useful life.

2.1.5 Scrap metal does not include:

- (a) Gold;
- (b) Silver;
- (c) any alloy of which 2% or more by weight is attributable to gold or silver.

3. Types of Licence

3.1 Type of Licence

3.1.1 Anyone wishing to operate a business as a scrap metal dealer will require either:

- (a) a site licence; or
- (b) a collector's licence;

3.1.2 The licence is valid for three years and permits the licence holder to operate within the boundaries of Oldham.

3.1.3 A person may hold more than one licence issued by different local authorities but may not hold

more than one licence issued by any one authority.

3.2 Site Licence

3.2.1 The site licence authorises the licence holder to carry on business at the site(s) identified in the licence.

3.2.2 The site licence must include:

- (a) the name of the licensee;
- (b) the name of the authority;
- (c) identify all the sites in the authority's area at which the licensee is authorised to carry on business;
- (d) the name of the site manager of each site;
- (e) the date of expiry.

3.2.3 The site licence also permits the licence holder to act as a collector.

3.3 Collectors Licence

3.3.1 The collector's licence authorises the licensee to carry on business as a mobile collector within the boundaries of Oldham.

3.3.2 The collector's licence must include:

- (a) the name of the licensee;
- (b) the name of the authority;
- (c) the date of expiry;

4. Applicant Suitability

4.1 General

4.1.1 The Council must determine whether the applicant is a suitable person to carry on a business as a scrap metal dealer; and may not issue a licence unless satisfied the applicant is suitable.

4.1.2 In determining a person's suitability the Council will have regard to:-

- (a) Statutory Guidance;

(b) It's Policy.

4.1.3 Notwithstanding the existence of this policy, the Council, when determining a person's suitability for the purposes of the Act, will treat each case on its own individual merits.

4.2 Determining Suitability

4.2.1 As well as its policy and statutory guidance, the Council, when determining a person's suitability, may have regard to any other information it considers relevant, in particular, but not limited to:

- (a) whether the applicant or site manager has been convicted of any relevant offence;
- (b) whether the applicant or site manager has been the subject of any relevant enforcement action;
- (c) any previous refusal of an application for the issue or renewal of a scrap metal licence (and the reasons for the refusal);
- (d) any previous refusal of an application for a relevant environmental permit or registration (and the reasons for the refusal);
- (e) any previous revocation of a scrap metal licence (and the reasons for the revocation);
- (f) whether the applicant has demonstrated that there will be in place adequate procedures to ensure that the provisions of this Act are complied with.

4.2.2 In determining suitability the Council will require the applicant to produce a Criminal Records Certificate. Where the applicant has lived previously outside the United Kingdom the Council will not consider the grant of a licence until a relevant check has been completed with the relevant country or countries and details of such check submitted to the Council.

4.2.3 In this section:

"site manager" means an individual proposed to be named in the licence as a site manager

“relevant offence” means an offence which is prescribed for the purposes of the Act in regulations made by the Secretary of State, and

4.2.7 The Council may consult other persons regarding the suitability of an applicant, including, but not limited to:

- (a) any other local authority;
- (b) the Environment Agency;
- (c) the Natural Resource Body for Wales;
- (d) an officer of a police force;

4.2.8 If the applicant or any site manager has been convicted of a relevant offence, the Council may include in the licence one or both of the following conditions:

- (a) that the dealer must not receive scrap metal except between 9am and 5pm on any day;
- (b) that all scrap metal received must be kept in the form in which it is received for a

specified period, not exceeding 72 hours, beginning with the time when it is received.

4.2.9 Having regard to the objectives of the Act the Council have determined there will be a presumption to refuse an application where the applicant or any other person required to be named or identified in the application has been convicted of any of the relevant offences laid down in the Act.

4.2.10 The Act deems the following as relevant offences for the purpose of ascertaining an applicants suitability:-

As such the Council may consider other offences that, in the Councils opinion, may be relevant in determining an applicant's suitability.

4.2.12 Having regard to the objectives of the Act the Council have determined there will be a presumption to refuse an application where the applicant or any other person required to be named or identified in the application has been the subject of any of the following forms of enforcement action within the period of three years prior to the application:

- (a) closure notice pursuant to the Act;
- (b) closure order pursuant to the Act;

- (c) Permitting regulations notices;
- (d) Planning Breach of Condition / Enforcement Notices;
